

ENO TRACE POOL RULES

(Revised May 2023)

The pool opens at 6 AM and closes at 8:30 PM or dusk during the season. Any use of the pool outside of the published hours will be considered trespassing. Violators will be recorded by the digital I.R. cameras, lose their pool privileges for the season, and will be prosecuted.

There is not a lifeguard – swimming is at your own risk.

Do not prop open the gate, it is a violation of a Durham County Health Regulation to prop open/leave open the gate.

The pool is available to members in good standing only. Dues must be paid in full to have access to the pool. Architectural violations will also result in loss of pool privileges. If your card does not work, please contact Morgan's Property Management to regain access.

Pool monitors are the authority at this facility. If you disagree with any ruling made by the pool monitor, you may appeal it at the next board meeting (please call the management company for a date and time). Pending resolution at a board meeting the ruling will be upheld (no exceptions). Failure to follow the direction of the pool monitor may result in fines, suspension, and removal from the pool and/or police action.

1. **NO GLASS** is permitted in the pool area. This is a Durham County Health Regulation. Should any glass be broken within the pool area, the pool will be closed and drained as mandated by law.
